

Size Guide

To help you select the most appropriate size of garment(s) please refer to our measuring tips below.

1. Chest

Men: measure around the fullest part of the chest, 2.5cm below the underarm area.

Women: measure around the fullest part of the bust and across the shoulder blades.

2. Collar

measure around the base of the neck.

3. Waist

All: measure around the natural waist, ensuring the measuring tape is kept taut.

4. Leg length

All: measure from the top of the inside leg at the crotch down to where trousers are normally worn with shoes.

Whether garments are for **ladies, men or unisex**, it is important to measure each member of staff correctly.

The tape should fit comfortably – snug but not tight. Don't worry about adding anything for movement – all our designs take this into account.

Larger and Special Sizes

If you require larger sizes, first check the garment description to see what stock we hold. For sizes not listed or specials, we can make to order (non returnable – unless there is a fault). Surcharges will be applicable and discussed on a per order basis on top of the standard price for this service and you need to allow up to 12 weeks for delivery. **Please remember, if it is possible, we will do it.**
